Signing with your baby... Ms. Sherri & I have been teaching your baby some simple sign language. And it is easy for you to do as well in the comfort of your own home. There are plenty of websites for infant signing and many videos to help you along the way. It is important to remember that sign language should always be used as a way to communicate his/her needs to us. Make sure signing and vocabulary go hand in hand. Always use the word while showing your child the sign.

### Signing/Vocabulary:

Review words: Milk; Wait, Mommy; and Daddy.
